Fast2SMS is on a mission of making the SMS Industry simple, transparent and less costly. Our Bulk SMS platform designed to help small to large business owner who want to send promotional, marketing, OTP, multimedia & alerts SMS.

Step 1:

Click Dev API

Give route as Quick SMS

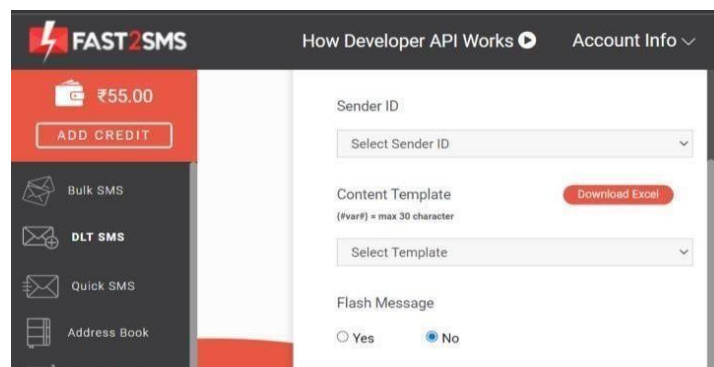

Step 2:

Give the contact number which is needed.

Copy the URL generated.

You will receive SMS when recharged.

The screenshot displays the FAST2SMS web application interface. At the top, the header includes the FAST2SMS logo, a navigation link for "How Developer API Works" with a play icon, and a dropdown menu for "Account Info". The left sidebar contains a red header with a wallet icon and "₹55.00", followed by an "ADD CREDIT" button. Below this, the sidebar lists menu items: "Bulk SMS", "DLT SMS", "Quick SMS", and "Address Book". The main content area on the right is titled "Sender ID" and features a dropdown menu labeled "Select Sender ID". Below this is the "Content Template" section, which includes a "Download Excel" button and a dropdown menu labeled "Select Template". A note "(fvarf) = max 30 character" is visible. The "Flash Message" section at the bottom has two radio buttons: "Yes" and "No", with "No" being the selected option.
